

## *Lenten* Spiritual Journey

Around the year 495, the philosopher Parmenides said: "Nature abhors a vacuum."

In other words, when there is nothing going on, the world conspires to fill in the empty space. So it is in our lives.

We become rushed and frantic with all the minor things we do, places we go, with frittering things that take up our time and eat up our days. We try to fill in the emptiness. Even our major life goals become distorted with the cacophony of voices that distract us from what is truly important.

There is another way. This Lenten season in worship, we will explore some of the classical spiritual practices; **prayer, worship, meditation, hospitality, and community.**

These steps on the spiritual journey take us out of the rush of everyday busyness and create an empty space where we can listen and begin to perceive life and the world differently.

The spiritual practices require a sense of discipline so we can begin to perceive the world differently. These disciplines open up space in our lives where we can listen for the quiet voice of God, and pay attention to the guidance of the Spirit.

I look forward to these next steps on our spiritual journey together.

Warmly,  
Rev. Andrew McDonald  
Senior Pastor

### March: JOURNEY TO THE CROSS

*"Truly this man was God's son." ~ Matthew 27:54*

Jesus, during the last week he lived on earth, journeyed to the cross in order to show God's powerful love for us. In spite of danger, Jesus journeyed to Jerusalem to teach God's message of love and forgiveness.

Kindergarten of Eden is for preschool children ages 3-5 years. Classes meet on Sunday mornings, beginning at 10:30 a.m. worship and regrouping in Room 210 at 10:45 a.m. after the Children's Conversation. Nurturing volunteers lead children utilizing the Wee Believe curriculum, classes that teach Bible-based stories of God and God's People using a wide range of activities including stories, songs, crafts and games.

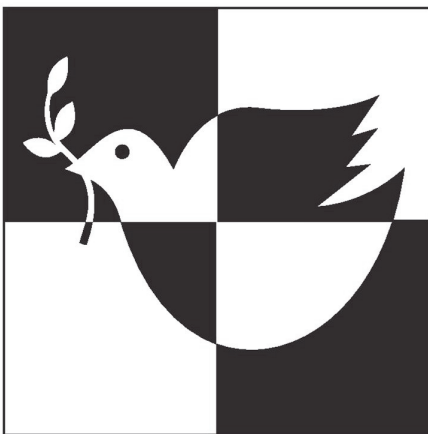

## Kindergarten of Eden (Preschool)

# WORMS!

Westminster Preschool learns about vermicomposting.

*Helena Kessler checks out a handful of Red Wigglers from the worm farm.*

Health Department's Eco-Healthy Child Care pilot projects on ways families can go green. Through vermicomposting, worms take in food and paper waste and turn it into nutrient-rich compost. The class, which feeds its worms leftovers from lunch like crackers, lettuce and apple slices, hopes to use its compost this spring in its herb garden outside.

"As our worm population grows, we may even be able to sell worms to the community for fishing bait," Schneider said.

The system used by Schneider's classes, the Worm Factory 360, uses a stack of trays in what is called a "self-sorting upward migrating system." Plainly said, as food is added to the topmost tray, worms work their way up leaving behind waste in various stages of decomposition in the trays below. After approximately 90 days, the vermicompost in the bottom tray is ready for harvest.

"We believe part of caring for our children is caring for the world they are growing up in," Schneider said. "We are excited to announce that our program is working on ways to go green."

## Donate Your Buttons!

It's nearly time for spring cleaning, and Westminster Preschool is happy to take those pesky jars of buttons off your hands!

Buttons of all shapes and sizes are appreciated and can be dropped off at the church office or preschool any-time.

Preschoolers at Westminster are learning early how to solve one of the world's biggest problems — an ever-growing amount of waste — and they're doing it with worms.

In November, Preschool Director Suzanne Schneider was contacted by Gina Egenberger with the Lincoln-Lancaster County Health Department to see if the preschool would be interested in starting a worm farm. Together, they ordered 1,000 "Red Wiggler" worms from Uncle Jim's Worm Farm in Spring Grove, Pennsylvania, and three months later students and teachers are seeing waste disappear and worm populations grow.

"We've already more than doubled our worm population," Schneider said.

The preschool's vermicomposting is one of the Lincoln-Lancaster County

# World on a Plate

## New Small Group Meets March 21

Let's take a trip around the world via our dinner plate. World on a Plate is a new Small Group where members will explore international cuisine and PCUSA missions. The group is looking for 10-12 people who enjoy cooking, sitting down to a good meal, fellowship and learning about the current missionary work going on. The group will meet monthly at Westminster or in members' homes.

The guidelines are simple.

- Members will choose a country to visit (preferably countries where PCUSA has missionaries)
- Members will be responsible for bringing dinnerware
- Each member will be responsible for preparing one dish: appetizer, main entrée, side dish, dessert or drinks
- A member or two will be responsible for sharing the ongoing mission work in that country
- In the spirit of mission work, the group will have a monetary bread basket collection that will be designated to a local food program.

**Our March 21 dinner will explore Irish cuisine from 6:00 to 7:45 p.m. at Westminster Lounge.** For more information or to sign up contact Kathy Rohwedder at (402) 202-9889 or email [kathrohw@yahoo.com](mailto:kathrohw@yahoo.com).

## Green at Heart

Westminster's Green Team has sponsored many activities in the past decade important to Creation Care, including WaBiCa Sunday, the celebration of Dr. Seuss's birthday and screening of *The Lorax*, and the Lenten disciplines that many of us made to protect our environment. The Green Team also eliminated the use of disposable cups and glasses for coffee time, and has volunteered for dish duty for most events.

It's time for the Green Team to re-boot, make-over and re-name itself, but continue to guide our faith community in ways of conservation that honor our faith and God's gift of this planet.

Will you be a part of deciding when and how to take the next step? Watch the Vine for more information on our upcoming survey.

## Faith and Cancer

## How Does Our Westminster Foundation Grow?

The Foundation, in partnership with the Session, identified six strategic areas vital for the future of Westminster. Our shared vision is to grow endowments in these areas in the next few years. Growth will come from people who feel God has blessed them to be a blessing to future generations.

In 2013, we received the following:

- Stained Glass Windows: \$109,081. We need an additional \$40,919 to reach our goal of \$150,000 for long-term maintenance and repair.
- Major Event Endowment: \$10,000. We need an additional \$190,000 to reach our goal of \$200,000.
- The Trinity McDonald Endowment for Visual and Performing Arts: \$35,000 has been received to begin an annual celebration of the arts.
- General Purpose Endowment: \$3,000 was received through memorials to the Foundation.
- Preschool Scholarship: \$550 was received through memorials.
- Worship & Music: \$3,000 was received through memorials.
- Foundation Birthday Club: \$14,252 was received to add to our General Fund in the Foundation.

We want to express our sincere and deepest thank you to all of the individuals and families that included the Foundation as a one time gift or through memorial gifts. You have added more than \$188,400 to the Foundation in 2013.

Our goal for 2014 is to continue to grow our Foundation to make a strong church even stronger. If you would like further information on specific Endowment Funds or the Foundation, please visit our website and click on Westminster Foundation under the "About Us" tab.

## *A Note from Rev. Davis...*

Over the past month and a half, I have watched spouses grieve the death of their life companion and while that has happened before in my ministry, it has reached into my heart in a new and different way. For that reason, I had been thinking of cutting back my ministry at Westminster and when the opportunity to do that was presented to me, I felt God was affirming my need to be a spouse and life companion to my husband Lynn in a more intentional way. We love and need each other as we move toward and through our 80s. We would like to travel more, spend more time 'hanging out together,' and with our families both in Lincoln and in other states.

I will continue with the primary ministry and mission for which I was called nine years ago — to call on the shut-in and homebound — although I will cut my work hours significantly. To that end, Dr. McDonald and I have planned how that can happen without the care of our older members suffering.

I will continue as any good church member does as a volunteer in those areas in which I have a passion. I am an educator at heart and will always enjoy working with the Bible class and the women of the church in their Horizon Bible study. Lynn and I enjoy the company of our friends in Westminster Club and will continue to support its ministry as well.

It goes without saying that worship will be at the center of our lives as it always has been. We look forward to sharing with you from the pew each Sunday and on those special Holy Days. You will always be in our thoughts and prayers as we move into this new phase of our ministry together.

Blessings,

Ellen
