Keeping It Green... a tip from Green at Heart

When LES surveyed customers last year, they learned that a good number of individuals would be willing to pay a little more to get electricity from renewable resources. We suspect many Westminster members feel the same! Now LES is giving individuals the chance to participate in the development of solar-generated energy for Lincoln. This is a very practical way to care for creation and can cost your family as little as \$3/month. For more information on SunShares, visit www.les.com/savings-energy/solar-net-metering.

***This Sunday's worship will be televised on digital Channel 71.13 at 12:30 p.m. Thursday and 1 p.m. Saturday.
Listen to the current week's sermon on KFOR (1240 AM) Sundays at 10 a.m.
