Stewardship: The Spiritual Act of Being Caretakers

Stewardship is our acting as caretakers of the resources we have in life. As people of faith, we see all the good in life as a gift from God. At Westminster, we feel it is important to talk about and express gratitude to God and to each other for the gifts we share in service as one “inclusive faith family.”

At Westminster we care about the resources of our people - staff and members/friends, our campus - as we refurbish stained glass windows and prepare for parking lot repairs, and our outreach - assisting the service of dozens of partner organizations with members’ time and financial support through WPC Mission & Outreach Ministry giving.

Our 2024 Storytelling Budget

Our **Storytelling Budget** chart gives a visual representation of how income is spent at Westminster. Items such as staff and building costs have been broken down into areas of our Vision Statement, to “expand our lives in faith, connect people deeply, and make a difference in service.” Per Capita is the way we pay it forward in our Presbyterian church structure, a per-member amount that goes to support regional (presbytery/synod), national (General Assembly and outreach), and international ministry and partnerships through the Presbyterian Church (USA). A designated gift to Per Capita helps take that weight off of Westminster’s overall budget.

Giving Time and Talents

When we use our time well, we act as good stewards of the gift of our days. You are invited to volunteer hands-on at Westminster or with Westminster service teams as we go and serve with community partner organizations. Please fill out the Time and Talents form, which is one side of the 2024 Pledge Form, and our staff and committees will work to help you get plugged-in.

Giving Financial Gifts

By sharing the gifts of our financial resources through a pledge commitment, we help equip the work of our church for the coming year. Our challenge for 2024 is for members and friends to either give for the first time, give again after a break, or give with an increase for those who are able. All pledge commitments to our 2024 Annual Campaign make a difference.
